

International Freight Limited

## Company Profile.

CIT specialises in import and export between the UK and Spain and the UK and Italy. Founded in 1979, our business has been built on providing professional logistics solutions to the business community. The core principles behind our company; professionalism, reliability, attention to detail and the passion to succeed, remain as true today as ever. We consistently provide the high standards and attractive prices required by our clients. You need the assurance of a top-quality service, which maintains your own in-house standards right up to the final delivery point. This is the peace of mind that we offer at CIT.

## Launch of our new site.

For more details of the services we offer why not take a look at our new website. As CIT has significantly developed its Spanish and Italian markets over recent years we have taken the opportunity to re-launch our website to reflect our current reach and detail the variety of routes available. The website is now available in Spanish and Italian as well as English and contains all the contact information you need. It even has a quick quote section allowing you to easily establish the cost of transportation.
